### **The Best Big Box!**

Wow what a big box! One Christmas morning, I woke up and was excited because it was Christmas! I got ready for the day and then ate breakfast. After that I played with my siblings and read a book.

While I was reading, I smelt a delicious smell in the air. Then someone knocked on the door, and when I opened it all my relatives came into the house all smiling and happy. They all brought lots of gifts and put them under our tree. We played a little with our Cousins until mom called out from the kitchen, "the food is ready!" We all ran to the kitchen and ate a lovely Christmas meal.

After the food we played a little until it was time to open all the gifts. We opened all of our presents except for one. It was from grandpa, a big box! We opened it up and ... we saw ... a sleigh! So, we went to test it out immediately in the snow outside! When we rode it down the hill it was so fast that it flew! That was the best big box ever! Thanks grandpa!
